

Strengthening health & safety through prevention and insight

SBCI's Health & Safety Support Services help school boards strengthen accident prevention strategies, manage risk, and build safer, more sustainable workplaces, supporting employee well-being and continuity in student learning.

Health & Safety Support Services

Strong health & safety practices are foundational to safe school board environments and effective operations.

SBCI supports boards by:

- ✓ Identifying trends, patterns, and emerging risks
- ✓ Strengthening accident prevention strategies
- ✓ Supporting consistent, board-specific safety practices
- ✓ Using data to focus limited resources where they have the greatest impact

Additional SBCI services that support Health & Safety outcomes:

- ✓ Trend analysis and benchmarking reports
- ✓ Program evaluations and annual reporting
- ✓ WSIB Support Services
- ✓ Disability and return-to-work support
- ✓ Attendance and well-being initiatives

SBCI's Approach

SBCI's health & safety approach is practical, proactive, holistic, and education-sector focused.

We work alongside school boards to strengthen health and safety practices that are grounded in prevention, informed by data, and responsive to the realities of school environments.

Our approach emphasizes:

Early identification of trends and emerging risks through ongoing data analysis.

Clear roles, accountability, and consistent practices across the organization.

Collaboration with board teams to support shared goals and practical application.

Targeted, evidence-informed solutions that focus resources where they have the greatest impact.

Support is flexible and responsive, aligned to the needs and capacity of each board, and designed to complement existing internal expertise rather than replace it.

This approach helps boards strengthen safety practices while managing risk effectively.

Our Purpose

SBCI is dedicated to guiding school board Members with informed workplace solutions, grounded in excellence and focused on supporting employee well-being as a foundation for student success. Through expert, proactive, and school board-focused services, we support safer, healthier, and more innovative work environments across the education sector.

Expected Outcomes

- ➔ **Stronger accident prevention strategies and more effective risk mitigation** across school environments.
- ➔ **Clearer insight** into injury trends, root causes, and emerging areas of concern
- ➔ More **targeted and effective safety initiatives** informed by data and sector experience
- ➔ **Reduced incident recurrence and escalation** through proactive prevention strategies
- ➔ **Improved alignment** between health & safety practices, WSIB processes, and workplace supports
- ➔ **Greater confidence across leadership and operational teams** in managing health & safety obligations
